December 29, 2021

Dear Water/Sewer Customer:

In accordance with legislation passed by City Council on February 11, 2021, small increases in water and sewer rates will take effect with your January 2022 bill. For example, a residential customer will pay \$2.61 more per month based on the average usage of 4,000 gallons, which equates to an increase of 2.5%. City Council chose to implement small annual increases to help keep pace with costs (e.g., wage and inflationary increases) while minimizing the financial impact on customers because this approach will limit the potential for significant one-time increases. The following table shows the rates in effect for 2022, compared to the prior rates.

RATES	RESIDENT		BUSINESS	
	2021	2022	2021	2022
Water Service				
0 to First 1,000 Gallons	\$11.03	\$11.20	\$12.08	\$12.26

The City continues to offer a utility discount program for senior citizens, disabled persons, and surviving spouses. The information and other requirements necessary to qualify for a discount are detailed in the utility discount application, available at City Hall on the second floor or on the City's website at the following location: <http://www.chardon.cc/146/Water-Wastewater-Billing>. Additionally, this website location includes information for how customers can view their water usage online through an application called EyeOnWater, which includes receiving alerts for water leaks. If you have any questions about this letter, please feel free to contact me or the Finance Director.

Sincerely,

Randal B. Sharpe, City Manager
